

FC **DR. EDWIN COTTRELL
ENTREPRENEURIAL
LEADERSHIP CENTER**

The Dr. Edwin Cottrell Entrepreneurial Leadership Center opened in March 2009 with the goal of promoting entrepreneurship across WCU and throughout southeastern PA.

The vision of the center is to serve the Chester County region and to “be the linchpin of entrepreneurship in Chester County.” Over the years the Center has continued to expand its programs for WCU students, faculty and staff and the Chester County entrepreneur ecosystem. The support of donors and community partners is needed to continue and to grow programming at the Cottrell Center, and to make an impact on the Chester County entrepreneurial ecosystem.
